

GAMSAT

Graduate Australian Medical School Admissions Test

Information booklet 2014

Deadline for registration – 5.00pm AEDT | February 2014

Test date – 22 March 2014

www.gamsat.acer.edu.au

This *Information Booklet* covers everything you need to know about registering for GAMSAT 2014.

If you have any queries about the registration process, you may contact the GAMSAT Office. All communication will be via email. The Office will not answer queries relating to the content of the test.

GAMSAT Office at ACER:

Email: gamsat@acer.edu.au

Web: www.gamsat.acer.edu.au

Phone: +61 (0)3 8508 9097

Fax: +61 (0)3 9277 5757

Postal address: Private Bag 55
Camberwell
VIC 3124
AUSTRALIA

Please read the **LEGAL NOTICE** at the end of this booklet as this booklet details any legal agreement reached between you and the Australian Council for Educational Research Ltd (ABN 19 004 398 145).

The LEGAL NOTICE also contains some terms and conditions that you should make yourself familiar with.

Note:

You may have legal rights and guarantees under the Australian Consumer Law (found at Schedule 2 to the *Competition and Consumer Act 2010* (Cth), as amended from time to time). If a supply under this booklet is a supply of goods or services to a consumer within the meaning of the Australian Consumer Law, nothing contained in this booklet excludes, restricts or modifies the application of any provision, the exercise of any right or remedy, or the imposition of any liability under the Australian Consumer Law.

- a. To the maximum extent permissible by law (and for the avoidance of doubt, subject to any obligations which cannot be excluded, restricted

or modified under the Australian Consumer Law), ACER expressly, irrevocably and totally disclaims any liability whatsoever for any loss or damage in connection with: your participation in GAMSAT; and your test results, including, but not limited to, any representations made by ACER or its personnel (including agents, subcontractors and consultants) in respect of GAMSAT;

- b. You are put on NOTICE that, subject to the Australian Consumer Law, the entire risk of your participation in GAMSAT is assumed by you. To the maximum extent permissible by law (for the avoidance of doubt, including the Australian Consumer Law), ACER will have no liability whatsoever to you for any loss, harm, damage, cost or expense (including legal fees) or any direct, special, indirect, incidental, punitive or consequential loss or damage (including, without limitation, economic loss, loss of contract, profit, revenue, income, opportunity, goodwill, information, anticipated savings, business relationships, production or data);
- c. Both of the above clauses extend to cover any claims in connection with any actual or anticipated participation in GAMSAT and any inability to so participate;
- d. ACER provide NO WARRANTY or REPRESENTATION that: GAMSAT will ensure you a placement with an educational institution; completion of the GAMSAT registration form and/or payment of the registration fee guarantees you a place in GAMSAT (which will remain in the sole discretion of ACER subject to any rights under the Australian Consumer Law); or that you will be provided with your GAMSAT results (except in strict accord with this Agreement).

ACER has made every effort to ensure the accuracy of the information provided in this Booklet. However, ACER reserves the right to alter or amend test details outlined in the Booklet if this becomes necessary.

Background

1.1 The Graduate-Entry Programs

Eleven medical schools – at the Australian National University, Deakin University, Flinders University, Griffith University, the University of Melbourne, Monash University, the University of Notre Dame Australia (Fremantle and Sydney), the University of Queensland, the University of Sydney, University of Wollongong and the University of Western Australia – admit graduates into a four-year medical degree program.

The remaining Australian medical schools offer an undergraduate program of five or six years' duration.

Three dental schools – at the University of Sydney, the University of Melbourne and the University of Western Australia, admit graduates into a four-year graduate-entry program. The Faculty of Pharmacy at The University of Sydney offers a two-year Master of Pharmacy. The Melbourne Graduate School of Science at the University of Melbourne offers a four-year Doctor of Optometry. The University of Western Australia offers a 3-year Doctor of Podiatric Medicine (DPM) (graduate-entry) program.

The graduate-entry programs provide opportunities for medical, dental, optometry, pharmacy and podiatric medicine training to a wide range of graduates who have made a mature decision to commit to a demanding profession. By extending the selection to graduates of the humanities and social sciences as well as the physical and biological sciences, it is expected that students with a diverse range of interests, skills and talents will be represented in each school. There is no preference or advanced standing offered to applicants with particular first degrees. The programs are open to graduates of any field who are able to meet the selection criteria. Please note though that the University of Melbourne requires satisfactory completion of approved science subjects prior to entry.

Each of the schools has defined its own goals for the graduate-entry programs; they share features in common but the emphasis differs. All programs aim to build on the diverse interests and talents of the graduates admitted. Graduates of the programs will have the skills and knowledge to practise effectively as medical interns under supervision, or in the case of dental and optometry graduates, to practise effectively as general practitioners, and to develop their careers through subsequent entry into further vocational training. Graduates of the Master of Pharmacy will be able to practise as pharmacists after a compulsory

pre-registration period. Graduates of the Doctor of Podiatric Medicine will be able to practise as podiatrists.

In recognition of the fact that medical knowledge continues to expand and that doctors, dentists, pharmacists, podiatrists and optometrists will continue to learn throughout their lives, self-directed learning is a major focus of the graduate-entry programs. Effective communication with patients and colleagues is seen as crucial. Teamwork and an awareness of community concerns are stressed.

1.2 Admission to a Graduate-Entry Program

Applicants are selected for admission into the graduate-entry programs on the basis of three criteria. These are:

- | |
|-------------------|
| • Bachelor degree |
| • GAMSAT score |
| • Interview |

The universities may differ in their weighting of performance on each of the criteria.

Exception: The University of Queensland no longer interviews applicants for the graduate program. Entry to the dental program at the University of Melbourne does not require an interview. Selection for medicine, dentistry and optometry at the University of Melbourne is also based on satisfactory completion of approved science subjects. Details are available from the website www.unimelb.edu.au. The University of Western Australia requires dental applicants to also complete Manual Dexterity and Spatial Awareness Tests. Selection into the DPM at UWA is based on GAMSAT and academic achievement only. Please see www.meddent.uwa.edu.au/admissions for further information on these courses.

Selection into the Master of Pharmacy program is based on four criteria; Bachelor degree, GAMSAT score, seven essential prerequisites (completed within the previous five years) and a satisfactory score in the Pharmacy Case Study Scenario.

More specific information can be obtained by contacting the schools directly and by referring to the GEMSAS website (www.gemsas.edu.au), the University of Melbourne website (www.unimelb.edu.au), the University of Sydney website (<http://sydney.edu.au>)

and the University of Western Australia website (www.meddent.uwa.edu.au/admissions).

Applicants who completed their Bachelor degrees and/or prerequisites more than ten years ago are advised to check their eligibility with their preferred schools before registering for GAMSAT.

Each university may have its own additional admission policies (which may include policies on prior or current studies, enrolment irregularities and/or transfers). To confirm if there are additional policies, contact the schools to which you intend to apply.

1.3 Applying for Admission

The process of applying for admission to the graduate-entry programs is separate from the process of registering to sit GAMSAT, and takes place later.

There are two separate steps in the process of application to graduate-entry medicine:

First step – March 2014

Sit GAMSAT

Second step – May 2014

Submit application

GAMSAT candidates are responsible for determining their eligibility to apply for admission to the graduate-entry programs.

GEMSAS will process applications for admission to graduate-entry medicine at the GAMSAT Consortium medical schools and for the University of Melbourne Dentistry and Optometry programs. The University of Sydney will process applications for medicine, dentistry and pharmacy at the University of Sydney. The University of Western Australia will process applications for dentistry and podiatric medicine at the University of Western Australia.

TIMELINE FOR ADMISSION TO A GRADUATE-ENTRY PROGRAM:

November 2013 to 5.00pm AEDT | February 2014

- register for GAMSAT

22 March 2014

- GAMSAT test day

early May 2014

- applications open to graduate-entry medical, dental, pharmacy, podiatric medicine and optometry programs

late May 2014

- receive GAMSAT results

Applicants should consult the GEMSAS website and the schools' websites for the relevant admissions cycle deadlines, including those for:

- submission of online application data and hard copy documents;
- release of interview offers by the schools;
- scheduling of case study scenarios;
- offers of places by the schools.

These dates will be published online as soon as they become available.

It is the individual applicant's responsibility to regularly check the GAMSAT, GEMSAS, University of Sydney and University of Western Australia websites for updated information.

Candidates are reminded that admission is based on the three criteria of Bachelor degree, GAMSAT score, and performance at interview, with the additional requirement of a case study scenario for Pharmacy and further admissions tests for dentistry at the University of Western Australia. **Exception:** The University of Queensland no longer interviews applicants for the graduate program. Dentistry at the University of Melbourne does not require an interview. Doctor of Podiatric Medicine at the University of Western Australia does not require an interview. Optometry at the University of Melbourne reserves the right to interview.

What is GAMSAT?

2.1 The Graduate Australian Medical School Admissions Test (GAMSAT)

The Graduate Australian Medical School Admissions Test (GAMSAT) is developed by the Australian Council for Educational Research (ACER) in conjunction with the Consortium of Graduate Medical Schools to assist in the selection of students to graduate-entry programs.

GAMSAT is available to any student who has completed a Bachelor degree, or who will be in the penultimate (second-last) or final year of study for a Bachelor degree, at the time of sitting the test.

GAMSAT is designed to assess the capacity to undertake high level intellectual studies in a demanding course. GAMSAT Australia is offered once a year only.

GAMSAT evaluates the nature and extent of abilities and skills gained through prior experience and learning, including the mastery and use of concepts in basic science as well as the acquisition of more general skills in problem solving, critical thinking and writing.

If your first degree is in a non-scientific field of study you can still sit GAMSAT and succeed in an application for admission to one of the graduate-entry programs. A science degree is not a prerequisite and academic excellence in the humanities and social sciences is encouraged and recognised. However, it must be stressed that success in GAMSAT is unlikely without knowledge and ability in the biological and physical sciences, however this is acquired (see page 6).

2.2 Structure and Content

The purpose of GAMSAT is to assess your ability to understand and analyse material, to think critically about issues and, in the case of the Written Communication section, to organise and express your thoughts in a logical and effective way. GAMSAT questions are based on material drawn from a variety of sources. They typically require candidates to read and think about a passage of writing, to interpret graphical displays of information, to use mathematical relationships and to apply reasoning skills to tables of data. Problem solving is a major focus of the test.

The test is divided into three sections designed to assess performance in the areas of:

I	Reasoning in Humanities and Social Sciences
II	Written Communication
III	Reasoning in Biological and Physical Sciences

Since problem-based learning techniques are central to the graduate-entry programs, GAMSAT is constructed with a major focus on the assessment of problem-solving ability across a wide range of subject areas.

The study and practice of medicine, dentistry, optometry, pharmacy and podiatric medicine are based on a variety of disciplines, with major contributions from the biological and physical sciences. However, it is recognised that the social sciences and humanities are also important to an appreciation of the many dimensions of practice.

Section I: Reasoning in the Humanities and Social Sciences

The Reasoning in Humanities and Social Sciences section tests skills in the interpretation and understanding of ideas in social and cultural contexts. Different kinds of text are used as stimuli, including passages of personal, imaginative, expository and argumentative writing. Although most of the stimuli materials in this section are in the form of written passages, some units may present ideas and information in visual and tabular form. Materials deal with a range of academic and public issues, with an emphasis on socio-cultural, personal and interpersonal topics.

Questions in the Reasoning in Humanities and Social Sciences section demand varying degrees of complex verbal processing and conceptual thinking, logical and plausible reasoning, and objective and subjective thinking.

Questions that emphasise understanding involve the recognition of explicit and implicit meanings through close reading of words and phrases and global interpretations of text.

Questions that emphasise plausible reasoning involve interrelating, elaborating and extending concepts and ideas, and drawing conclusions.

Questions that emphasise critical thinking require candidates to make discriminations and judgments in the realm of plausible reasoning.

Questions in this section are in multiple choice format with four alternative answers from which candidates choose the most appropriate.

Section II: Written Communication

The Written Communication section is a test of the ability to produce and develop ideas in writing. It involves two thirty-minute writing tasks. Each task offers a number of ideas relating to a common theme. The theme will be general rather than specific in nature. The first task deals with socio-cultural issues while the second deals with more personal and social issues. In selecting topics for the writing tasks every effort is made to minimise factors which might disadvantage candidates from non-English-speaking backgrounds.

Written Communication is assessed on two criteria. These criteria address the quality of the thinking about a topic and the control of language demonstrated in its development. Assessment focuses on the way in which ideas are integrated into a thoughtful response to the task. Control of language (grammatical structure and expression) is an integral component of a good piece of writing. However, it is only assessed insofar as it contributes to the overall effectiveness of the response to the task and not in isolation. Candidates are not assessed on the 'correctness' of the ideas or attitudes they display.

CRITERIA FOR THE ASSESSMENT OF WRITTEN COMMUNICATION

Raters consider the following issues:

Thought and Content

(the quality of what is said)

- what is made of and developed from the task
- the kinds of thoughts and feelings offered in response to the task

Organisation and Expression

(the quality of the structure developed and the language used)

- the shape and form of the piece
- the effectiveness and fluency of the language

Each piece of writing will be assessed by three independent raters.

Section III: Reasoning in Biological and Physical Sciences

Section III is made up of questions in three discipline areas in the following proportions:

Chemistry	40%
Biology	40%
Physics	20%

Questions from the three discipline areas are integrated throughout the section and are in multiple choice format, with four alternative answers from which candidates choose the most appropriate.

Stimulus material is presented in a variety of formats including text, mathematical, graphs, tables and diagrams.

In addition to testing reasoning and problem solving within a scientific context, this section examines the recall and understanding of basic science concepts. The skills assessed include the ability to identify knowledge in new contexts, analyse and interpret data, discover relationships, translate knowledge from one form to another, formulate and apply hypotheses and make generalisations, deduce consequences from models, follow and evaluate a line of reasoning, evaluate evidence, categorise and select information relevant to problems, generate and apply strategies to solve problems, make comparisons, extrapolate, interpolate, estimate and recognise limits in accuracy.

The level of subject knowledge required for the Reasoning in Biological and Physical Sciences section of the test generally corresponds to the first year of university studies in biology and chemistry, and Year 12 in physics. The test focuses primarily on problem solving and on the use of knowledge that will be presumed at the beginning of the medical program: that is, a basic understanding of biology, chemistry (organic and physical) and physics. A student who has mastered these general concepts should have adequate knowledge to answer questions in this section.

2.3 Preparing for GAMSAT

The purpose of GAMSAT is to assess your ability to understand and analyse written and graphically presented material. GAMSAT measures skills and knowledge acquired over a long period of time, as well as the ability to reason, make logical deductions and form judgments.

There is little benefit to be gained from last-minute 'cramming'. However, for non-science graduates some specific preparation covering relevant basic sciences to first year university level is highly recommended. Some candidates may wish to enrol in a short tertiary level science course to ensure adequate preparation.

Please note: Neither the GAMSAT Office nor the graduate-entry schools recommend or endorse any particular texts or preparation courses. Nor do they support any commercially available preparation courses or have any association with commercial courses.

2.4 Equity and Fairness

GAMSAT is developed to rigorous professional and technical standards. Test questions are designed and developed by a team of ACER writers, expert in their subject areas, in close consultation with university faculty specialists. All test questions must pass detailed panelling, trial testing, analysis and final review. The content, style, duration and sequencing of the tests are determined to ensure that the testing program is relevant, fair, valid and reliable.

GAMSAT test data are analysed to check that each question has performed as required. Test questions in development are carefully scrutinised in an ongoing attempt to minimise gender, ethnic or religious bias, and to ensure that the test is culturally fair.

The test may contain a small number of trial questions which will not be scored.

2.5 Use of Personal Information

Test results may be used by relevant authorities through ACER for purposes of research into the GAMSAT program. Candidates are assured that any use of registration and test records will be treated with the utmost confidentiality. Candidate names will be separated from data in all cases.

By completing the GAMSAT registration form you are indicating your acceptance of the processing of your personal and sensitive data for purposes connected to your GAMSAT registration amongst other things. Please see the Legal Notice at the end of this booklet.

ACER's policy on the collection, access to, and use of personal information can be found at www.acer.edu.au/about/assessment-services-privacy-policy.

3 Registering for GAMSAT

3.1 Test Date

The test will be held on:

Saturday 22 March 2014

This date will be the only opportunity to sit GAMSAT Australia in 2014.

3.2 Registration fee payment date

Your online registration and test payment of \$440 must be received by:

5.00pm AEDT Saturday 1 February 2014

PLEASE NOTE:

1. Refund terms on page 8 and that under some circumstances the registration fee is non-refundable; and
2. ACER reserves the right absolutely to refuse or cancel a registration in circumstances where a registration is not bona fide or the registration fee is not received by the payment date above or the late registration date below.

Late registrations will be accepted up to **5.00pm AEDT Tuesday 11 February 2014**, on payment of a late fee of \$100 in addition to the registration fee. No further registrations will be accepted after this date.

3.3 Registration

Registration is available online only, via the website **www.gamsat.acer.edu.au**. To register you will need a computer with internet access, a credit card and an email address. This email address will be used for all communication from the GAMSAT Office at ACER, including information on how to access your Admission Ticket and GAMSAT results.

ACER and the GAMSAT Consortium reserve the right to refuse or cancel a registration under certain circumstances.

3.4 Payment

The fee to sit GAMSAT is \$440 (including GST). Your registration includes a copy of the online *Sample Questions* booklet. When you register online you also pay online by credit card (Mastercard, AMEX, Diners or Visa, including Visa and Mastercard debit cards).

The online payment option operates through ACER's e-commerce facility via the ACER website. Credit card details are not recorded or stored by ACER but are encrypted at point of capture and transmitted directly to the bank, without entering ACER information systems. Thus you can be assured this is a safe payment option.

3.5 Test Centres

There are GAMSAT test centres in each of the capital cities of Australia, and one in Townsville. The New Zealand test centre is in Wellington. When completing the registration form, select the city which is most convenient to you. Places are limited, so you are advised to register early. Please note that you will only be able to select your preferred test centre if places are still available. You should plan your travel carefully so that you arrive at the test centre no later than 8.15 am local time. **Additional test centres will not be established.**

A small number of overseas test centres are provided to cater for international candidates and Australian citizens/residents living overseas. These centres are in Dubai, London, Singapore and Washington DC. An overseas test levy of \$185 applies for these centres, in addition to the registration fee. **Additional overseas test centres will not be established.**

The test is held on the same date at all test centres.

3.6 Applying for Special Testing Conditions

If you have a visual, hearing, physical or other impairment which might interfere with your ability to sit the test in the standard manner, you should apply for special testing conditions online via your account as soon as possible after registration. All such requests must be submitted no later than **5.00pm AEDT Tuesday 11 February 2014** and must be accompanied by an explanatory letter from a registered health practitioner. This letter must be no more than one year old for a medical condition and no more than three years old for a learning disability. The letter from your practitioner must give clear information on your condition as it affects your ability to sit GAMSAT.

Applicants with dyslexia should submit a copy of an appropriate educational psychologist's report (no more than 3 years old) for consideration. If your report is more than 3 years old, it will still be accepted, as long as it is accompanied by a recent letter from a psychologist stating that the information in the report

3 Registering for GAMSAT

is still applicable to you as you are today. All reasonable efforts will be made to provide appropriate testing conditions for your needs.

Note: There is no possibility of special consideration being given to test results. In no circumstances will scores be adjusted to account for any perceived disadvantage.

If you are unable to sit the test during daylight hours on a Saturday for religious reasons, please notify ACER in writing by **Tuesday 11 February 2014**, enclosing a supporting letter from your minister of religion. Alternative testing arrangements will be provided for approved candidates. No other special consideration is available.

3.7 Refund Terms

You may have legal rights and guarantees under the Australian Consumer Law, including the right to a refund in certain circumstances. Nothing in this booklet purports to exclude, restrict or modify any of these legal rights or guarantees.

PLEASE NOTE: Registration fees for the 2014 test will be refunded upon written request to the GAMSAT Office up to 5.00pm AEDT 11 February 2014, however, an administrative charge of \$70 will be deducted.

After that date, the registration fee is **NON-REFUNDABLE** if you change your mind or are unable or ineligible to participate in GAMSAT. ACER fulfils its commitment to you by reserving a place for you (which would otherwise be available to another) in GAMSAT and making all necessary preparations (which need to be completed a reasonable time before you sit GAMSAT) for you to sit the test. If you are unable to participate in GAMSAT due to a change of mind, inconvenience or ineligibility, or you no longer need to sit, and you fail to notify ACER prior to the above date, your registration fee will not be refunded (unless you have the right to a refund under the Australian Consumer Law). Please note that access to the preparation material included in this year's registration will be removed upon completion of the refund.

Should you decide that you do not wish to sit the test in 2014, you may defer your registration to GAMSAT Australia 2015. Please note you are not able to defer your GAMSAT Australia registration to a GAMSAT UK or GAMSAT Ireland sitting. To defer your registration, log in to your account at <http://registration.acer.edu.au> and select the 'manage' option on your registration. Deferrals must be completed by no later than **5.00pm**

AEDT 11 February 2014. All deferrals will incur an administration fee of \$60. Please note that deferred candidates will continue to have access to the preparation material included in this year's registration for 12 months from the date the 2014 test registration was completed.

Candidates may defer the test date for their GAMSAT sitting once only. Candidates who have deferred registration may not apply for a refund in the following year if they change their mind or are unable or ineligible to participate in GAMSAT. There is no penalty, other than the loss of your registration fee, if you register for the test but do not sit.

3.8 Communicating with the GAMSAT Office

If you have any queries about the registration process, you may contact the GAMSAT Office. The Office will not answer queries relating to the content of the test.

GAMSAT Office at ACER:

Email: gamsat@acer.edu.au
Web: www.gamsat.acer.edu.au
Phone: +61 (0)3 8508 9097

Postal address: Private Bag 55
Camberwell
VIC 3124
AUSTRALIA

Email is the principal means of communication concerning GAMSAT registration, Admission Tickets and results. Candidates must provide a current valid email address which will be maintained during the registration, test and reporting cycle.

Sometimes personal emails don't make it through our spam filters, so if we don't respond within a week, please resend the message.

Note: candidates who provide an email address that is hosted by Hotmail.com or Yahoo.com are advised that some procedures implemented by these providers may result in some email messages not being accepted, or being flagged as spam. You are advised to use a different email service provider for the purposes of GAMSAT registration, or to put gamsat@acer.edu.au in your address book to ensure emails from the GAMSAT Office are not regarded as junk email.

4.1 Admission Ticket

You will receive an Admission Ticket approximately two weeks before the test date. Notification will be sent to your registered email address when the Admission Ticket is available through your online account. You are advised to add **gamsat@acer.edu.au** to your address book prior to registering.

The Admission Ticket will tell you exactly where and at what time to report on the day of the test. It will also contain your personal details. This ticket is your permission to attend the test centre and a printout must be taken with you on the day. If you present without an Admission Ticket you will be refused entry. Please check it carefully and contact the GAMSAT Office immediately if there are any errors.

Do not print your Admission Ticket on recycled paper: there should not be any other marks on your Admission Ticket. **Do not write on your Admission Ticket during the test.**

If you have not received your Admission Ticket by **14 March 2014**, you should contact the GAMSAT Office. Check your junkmail folder to ensure the message from the GAMSAT Office has not been treated as spam.

4.2 Reporting to the Test Centre

You will be assigned to a test centre in your chosen city. You must report to this centre at the time designated on your Admission Ticket. This will normally be 8.15 am local time. The test itself will start approximately half an hour later, depending on the amount of time necessary for pre-testing procedures. If you report to the centre after all candidates have been seated in the testing room you may not be admitted. No latecomers can be admitted once the test has started.

When you report to the test centre you must bring with you your Admission Ticket, identity document and writing equipment (medium soft No. 2 or HB pencils and a good quality eraser for the machine scorable sections of the test, and a blue or black pen for the Written Communication test).

4.3 Identification on the Test Day

On the day of the test you will be required to show either

- a valid passport
- or
- a current, **photo-bearing** driver's licence (learner's permit, probationary or full licence).

The photograph in your identity document must be recognisable as a likeness of you as you are on the day of the test. No other form of identification will be acceptable. If you do not have one of these forms of identification, please email the GAMSAT Office for advice **at least two weeks before the test date.**

Photocopies are not acceptable.

If you do not present one of the above identification documents, together with your Admission Ticket, you will not be able to sit GAMSAT.

4.4 Permitted Testing Aids

Candidates whose native language is not English may bring a **printed bilingual** dictionary into the test for use in Section I and Section II only. The pages should be unmarked and all notes removed. Electronic dictionaries are not permitted. Dictionaries containing definitions of English words into the nominated language are acceptable but there must not be a translated definition back into English. Any candidate taking up this option must submit the dictionary to the supervisor for inspection before the test begins.

Note:

Calculators are not permitted in any section of the test.

Mobile phones, pagers, stopwatches, audio or recording devices of any kind including MP3 players, note paper, food and bags will not be permitted in the test room. English–English dictionaries are not permitted. Pencil cases, highlighters and rulers are not permitted.

You may bring a bottle of drinking water into the test centre with you.

4.5 Timing and Order of the Tests

A full day is needed to sit GAMSAT. This is made up of five and a half ($5\frac{1}{2}$) hours of testing time and one hour of recess time.

The following table shows the structure of GAMSAT by section and time.

	Number of questions	Time in minutes
Section I Reasoning in Humanities and Social Sciences	75	100
Section II Written Communication	2	60
Section III Reasoning in Biological and Physical Sciences	110	170

There will be a lunch break of one hour between Section II and Section III. There is no break between Sections I and II.

Ten minutes reading time will be given for Sections I and III and five minutes for Section II.

Please note: there may not be canteen facilities at the test centres. You are advised to bring lunch.

GAMSAT is a high stakes test administered under secure test conditions. Candidates may not leave the test centre before the full testing time has elapsed, except in the case of illness. Candidates leaving during Section I or II will not receive their GAMSAT scores. Candidates leaving during Section III due to illness are expected to provide a medical certificate explaining their need to leave the test centre. This must be provided within seven days of the test administration; failure to do so may result in scores being withheld. Once a candidate has departed the test centre it is not possible to re-enter and continue the test.

4.6 Answer Sheets

The GAMSAT answer sheets for Sections I and III are optically scanned and scored by machine. It is very important that you record your answers carefully. Record your answers by completely filling in the oval with pencil. If you decide to change an answer, erase your mark completely and mark the oval corresponding to your new choice.

Mark your answers directly onto the GAMSAT answer sheet and not in the test book. Answers marked in the test book will not be scored.

Any rough work may be done in the margins of your test book. Scrap paper is not allowed. **Do not write on your Admission Ticket.**

Written Communication in Section II

It is very important that your handwriting is clear and distinct in Section II. You will disadvantage yourself if your writing is illegible. Please refer to the GAMSAT website at <http://gamsat.acer.edu.au/sit/handwriting-section-ii> for samples of illegible handwriting.

4.7 Penalties for Misconduct

Misconduct includes:

- Breach of any of the security arrangements for GAMSAT;
- impersonation;
- attempting to remove a test book or answer sheet or part thereof, or any notes, from the testing room;
- failure to follow test supervisor's instructions at all times;
- giving or receiving assistance during the test;
- creating a disturbance;
- using prohibited aids (e.g. notes, note paper, calculator, mobile phone, audio/recording device etc.);
- writing, or marking your test paper or answer sheet, during reading time or after the instruction is given to stop writing;
- copying another candidate's work;
- using the test questions, their content or information about them for purposes other than your sitting of GAMSAT is prohibited. This includes: publishing the GAMSAT questions or any of their content or information about them on the internet, any digital format or otherwise; and/or passing the GAMSAT questions, any of their content or information about them to third parties;
- the giving of false or misleading information;
- infringement of copyright. Copyright infringement includes: performing those acts which only the copyright holders may or authorising or allowing a person on the candidate's behalf to infringe ACER or the GAMSAT Consortium's copyright material.

PENALTIES for misconduct include: withholding of your GAMSAT results or disqualification from sitting the GAMSAT for a period or at all.

YOU ARE PUT ON NOTICE there is NO APPEAL from any penalty applied.

4.8 Security

GAMSAT is a high stakes test. Therefore ACER, in conjunction with the graduate-entry schools, has established security procedures which will be strictly enforced at all times.

4.9 Infringement of Copyright

GAMSAT is copyright material owned by the GAMSAT Consortium. Any infringement of GAMSAT copyright material, in addition to any right at law, will be treated as misconduct for the purposes of this Agreement.

5.1 GAMSAT Practice Materials

ACER produces the only official GAMSAT preparation materials.

There are currently four publications available. These are **only** available in the form of e-books; hard copies are not available. Candidates who have purchased copies of the publications in recent years will not need to do so again this year.

Sample Questions is included in the cost of your 2014 registration.

Practice Test and *Practice Test 2* are each equivalent to a full test and each will take approximately 5.5 hours to complete under exam conditions. *Sample Questions* and *Practice Questions* are shorter publications which contain the same balance of question types found in a full test. Though similar in format, the e-books contain different selections of material and are designed to give examples of the types of question, skills and knowledge contained in GAMSAT. Answers are given for all questions.

Self analysis of your performance on these materials will give you an indication of your strengths and weaknesses and be a guide to further preparation.

In order to purchase the practice materials you will need to create an account. This is not a registration for the test. Please note that you cannot purchase these materials without an active account. Prices are listed in the three GAMSAT currencies: Australian Dollar(\$), Pound Sterling (£) and Euro(€).

Each practice publication will be accessible **online** as soon as your payment is received successfully.

No refunds will be permitted for the purchase of a GAMSAT e-book.

5.2 Test-taking Strategy for Sections I and III

Questions are in multiple choice format. It is advantageous for you to develop your own strategies for answering this type of question.

Work steadily through the test. It is not advisable to spend too much time on any one question. If you think you know the answer to a question, mark it, even if you are not certain. Go on to the next question and come back later if you have time. No credit is given if more than one answer is marked. No marks are deducted for a wrong answer. All questions have the same value, therefore by attempting as many questions as possible you stand the best chance of maximising your score.

Mark your answers directly onto the GAMSAT answer sheet and not in the test book. Answers marked in the test book will not be scored.

Any rough work may be done in the margins of your test book. Scrap paper is not allowed.

6.1 The GAMSAT Scores

You will receive a score for each of the three Sections, together with an Overall GAMSAT Score. The Overall Score is a weighted average of the three component scores.

Each of the four GAMSAT scores is expressed on a scale of 0 to 100. These are not percentage marks.

The Overall GAMSAT Score is calculated using the following formula:

$$\text{Overall Score} = (1 \times \text{Section I} + 1 \times \text{Section II} + 2 \times \text{Section III}) \div 4.$$

Please Note: The Overall Score is calculated to several decimal places. It is not possible for candidates to replicate this process. The University of Melbourne does not weight Section III for selection to medicine or dentistry.

To assist you in evaluating your test performance your scores will be accompanied by a chart enabling you to calculate an approximate percentile ranking for your Overall Score.

The universities will set their own cut-off scores from year to year. These will be the minimum scores acceptable for consideration in the graduate-entry medical, dental, pharmacy, podiatric medicine and optometry school admissions processes. The schools may also choose to use the scores in other ways.

Scores are scaled by ACER to make them directly comparable from year to year.

Candidates will not be provided with any additional information on scores or the scoring process. All information remains the property of GAMSAT and no right of inspection will be deemed to be vested in a candidate.

6.2 Currency of Results

GAMSAT scores can be used for two consecutive years. This means that candidates may apply for admission to the graduate-entry schools up to two years after the date on which they sit the test. For example, results from GAMSAT 2014 will be valid for application to Australian graduate-entry medical, dental, pharmacy, podiatric medicine or optometry programs commencing in 2015 and/or 2016, but not in 2017. There is no restriction on the number of times a bona fide candidate may sit GAMSAT.

Valid scores from GAMSAT UK and GAMSAT Ireland may also be used to apply to the Australian graduate-entry programs. Please note that scores are valid for the 2 years at the time of application.

If you have two valid GAMSAT scores, you may use whichever you prefer in applying for admission to medical, dental, pharmacy, podiatric medicine or optometry school. The University Admissions Committees will not have access to your GAMSAT scores from other years.

In making your decision you should bear in mind that the Admissions Committees may set thresholds for the Section Scores as well as for Overall Scores. If you are uncertain which scores to use on your application, you may wish to contact your preferred schools for advice.

Test Cycle	Year in which course commences					
	Australia		Ireland		UK	
GAMSAT Australia 2013	2014	2015	2013	2014	2014	2015
GAMSAT Australia 2014	2015	2016	2014	2015	2015	2016

GAMSAT Ireland 2014	2015	2016	2014	2015	2015	2016
GAMSAT UK 2012	2014	2015	2013	2014	2013	2014
GAMSAT UK 2013	2015	2016	2014	2015	2014	2015

6.3 Appeals

The GAMSAT Office will not enter into appeals against GAMSAT results or any penalties applied for misconduct under this agreement. Requests for re-marking will not be considered. Should you wish to query a particular question on the day of the test, you should alert the supervisor to your concern and submit a written note before you leave the test centre. Your query will be reviewed by the GAMSAT Office and you will be notified of the outcome. Similarly, any complaints relating to the test venue or physical discomfort suffered should be reported **immediately** to the supervisor on the day, and in writing to the GAMSAT Office **within seven days of the test administration**.

It is not possible to give special consideration for impaired performance on the day of the test caused by illness or other unexpected personal situations.

1. This booklet (as well as being an information source) is a **LEGAL AGREEMENT** (“the Agreement”) between you and the Australian Council for Educational Research LTD (ABN 19 004 398 145);
2. By completing the registration form for GAMSAT located at www.gamsat.acer.edu.au you are entering into a legal agreement with the Australian Council for Educational Research Ltd (ABN 19 004 398 145);
3. The **TERMS AND CONDITIONS** you agree to are contained in this booklet;
4. Therefore, please read and understand this Agreement carefully as this Agreement governs amongst other things: your sitting of GAMSAT, payment of the registration fee, refunds and release of your results;
5. You may have legal rights and guarantees under the Australian Consumer Law. If a supply under this booklet is a supply of goods or services to a consumer within the meaning of the Australian Consumer Law, nothing contained in this booklet excludes, restricts or modifies the application of any provision, the exercise of any right or remedy, or the imposition of any liability under the Australian Consumer Law.
6. Some of the terms and conditions are summarised as follows:
 - a. To the maximum extent permissible by law (and for the avoidance of doubt, subject to any obligations which cannot be excluded, restricted or modified under the Australian Consumer Law), ACER expressly, irrevocably and totally disclaims any liability whatsoever for any loss or damage in connection with: your participation in GAMSAT; and your test results, including, but not limited to, any representations made by ACER or its personnel (including agents, subcontractors and consultants) in respect of GAMSAT.
 - b. You are put on **NOTICE** that, subject to the Australian Consumer Law, the entire risk of your participation in GAMSAT is assumed by you. To the maximum extent permissible by law (for the avoidance of doubt, including the Australian Consumer Law), ACER will have no liability whatsoever to you for any loss, harm, damage, cost or expense (including legal fees) or any direct, special, indirect, incidental, punitive or consequential loss or damage (including, without limitation, economic loss, loss of contract, profit, revenue, income, opportunity, goodwill, information, anticipated savings, business relationships, production or data);
 - c. ACER provides **NO WARRANTY or REPRESENTATION** that: GAMSAT will ensure you a placement with an educational institution; completion of the GAMSAT registration form and/or payment of the registration fee guarantees you a place in GAMSAT (which will remain in the sole discretion of ACER subject to any rights under the Australian Consumer Law); or that you will be provided with your GAMSAT results (except in strict accord with this Agreement);
 - d. Under some circumstances your registration fee is **NON REFUNDABLE**, please see page 8 of this booklet for more details; and
 - e. There is no appeal in respect of your GAMSAT results or any penalty applied for misconduct.
7. **PRIVACY, PERSONAL INFORMATION and SENSITIVE DATA:** By completing the GAMSAT registration form you agree to be bound by the ACER privacy policy and you consent to:
 - a. ACER collecting your personal information including any sensitive (such as health) information. The personal information ACER may collect about you includes your registration information, your payment details, your test answers and results, any application for special testing conditions and any communications you have with GAMSAT;
 - b. ACER using and disclosing the personal information we collect about you for purposes connected with your GAMSAT registration and testing which may include investigating any suspected misconduct and administering any penalty for misconduct. You understand that if you do not provide us with all the information requested, we may not be able to process your GAMSAT registration or test or respond to your communications;
 - c. Your personal (including sensitive) information being disclosed by ACER to the GAMSAT Consortium, GEMSAS and other persons or bodies connected with GAMSAT for purposes related to GAMSAT (which may include transferring it overseas); and
 - d. ACER using your personal information for research purposes and disclosing it to relevant research bodies (in a de-identified form). Candidate names will be separated from data in all cases.

All information collected will be treated with utmost confidentiality and we will take all reasonable steps to ensure its security. Any use of your registration and test records will be treated with the utmost confidentiality. We will strictly adhere to our obligations under the Privacy Act 1988 (Cth) and any other applicable data protection legislation.

For more information about our privacy policy and how to access or correct your information, please see www.acer.edu.au/about/acer-privacy-policy.
8. By completing the GAMSAT registration form you have agreed to:
 - a. The terms and conditions contained in this booklet; and
 - b. This agreement being subject to the laws of the State of Victoria, Australia and both parties to the agreement submit to the exclusive jurisdiction of the Courts of the State of Victoria, Australia and Courts having jurisdiction to hear appeals from the Courts of the State of Victoria, Australia.
